PIEFA is a national not-for-profit company that provides leadership to educate Australia’s school students about food and fibre production and the associated career options.

Our Tripartite Network

FOR INDUSTRY
An effective and efficient channel into the education sector.

FOR EDUCATION
A trusted and valued first point of contact for food and fibre resources, career information and professional learning.

FOR GOVERNMENT
Ensuring an effective policy framework at a federal and state level. Supporting the implementation of the Australian curriculum.
